Experience

Tstech Trim Philippines Inc. | Laguna MIS Programmer | July 2025 – Present

- Sole technical resource responsible for design, development, and maintenance of software systems, websites, and web applications.
- Managed full software lifecycle: concept, development, testing, deployment, and support.
- Worked with C#, ASP.NET, Laravel, Filament PHP, and integrated PLC systems for data-driven solutions.

Agilent System Corp. | Cavite, Carmona Technical Support | February 2025 – July 2025

- Provided support by troubleshooting and resolving hardware, software, and network issues.
- Managed customer inquiries and technical problems via ticketing system.
- Collaborated with internal teams to ensure smooth system operations and user satisfaction.

Freelancer | Sorsogon Fullstack Developer | June 2022 – December 2024

- Developed dynamic student capstone projects using Laravel, Livewire, and Filament.
- Built interactive, user-friendly web applications with responsive front-end and back-end experiences.
